Clinical Establishments under 50 beds now in Green Category

Dear Doctor,

Greetings from Indian Medical Association HQs.!

National Working Group of IMA Headquarters is consistently working on issues of Biomedical Waste.

It has been our persistent demand to revisit the categorization for clinical establishments. Initially the establishments were in red category. With our efforts we could relocate the clinical establishments with LOD less than 100 KLD in orange category. We further followed it with CPCB.

Better yield is here for the fraternity across the country. Now establishments under 50 beds have been relocated in Green Category. This shall help in sorting painful issues in better way.

Persistent efforts of Indian Medical Association Headquarters under leadership of our beloved National President Dr. Bhanushali, Immediate Past National President Dr. Asokan, National President Elect Dr. Anilkumar Nayak & HSG Dr. Datta.

National Working Group taking persistent efforts for this consists of Dr. Mangesh Pate, Dr. Ajay Mahajan, Dr. Rajinder Sharma, Dr. Jayakrishnan, Dr. Sharafuddhin.

IMA Headquarters appreciates the efforts by the National Working Group.

Indian Medical Association Headquarters is committed to stand for the entire fraternity & establishments across the country.

Long Live IMA.
